- Ensured project completion by reviewing deliverables and implementing necessary corrections.
- Demonstrated strong problem-solving skills and the ability to learn new concepts efficiently

SKILLS

- React JS
- Html
- Java script
- CSS
- Material UI

- Ant Design
- Tailwind CSS
- Bootstrap, React Bootstrap
- SASS, SCSS
- Git, Bit Bucket

PROJECTS

Project Involved : Employee Internal Application
Client : India
Environment : React js, React Bootstrap.

Synopsis : This application was created for internal employees where employees can fill their timesheets and they can do their internal exercise and submit for review. Then the reviewer can review that and if there is any correction needed, the reviewer will send that back to for re-work. Till the exercise completes this process is going on. All employees details including their Leave details are maintained in this application.

Project Involved: Crypto Loans
Client : UAE
Environment : React js, Material UI.
Synopsis : This platform allows users to connect multiple crypto wallet accounts like Xverse, UniSat, Plug. Once a user connects the wallet, his/her assets will be fetched and displayed. Users can lend or borrow the assets and make transactions through this app.
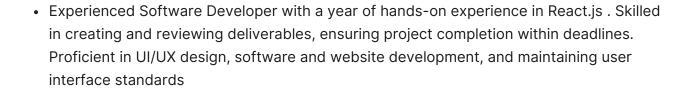

INTEREST

- Passionate about enhancing project workflows and optimizing team performance through efficient communication and streamlined processes. Thrive on setting clear goals and coordinating efforts to drive successful.
